- JavaScript(ES6+,DOM)
- Deployment(netlify)
- React js
- Git & Github
- Buildtool (vite)

EDUCATION

Graduation	B.Sc (Computer science) AVS College of Science, Salem, Salem CGPA: 7.3	- 2025
Class XII	Green Home Matric Higher Secondary School, Omalur Salem Percentage 60%	- 2022
Class X	Green Home Matric Higher Secondary School, Omalur Salem Percentage 83%	- 2020

PROJECT

To-Do List (web app)
- HTML 5 , CSS3, JavaScript and React.js
- Developed a fully functional To-Do List website using React.js and hooks (useState, useEffect).
- Implemented features: add, delete, and reorder tasks with dynamic state updates.
- Integrated Local Storage to persist tasks across browser refreshes.

Weather App
- Built a responsive weather application using React.js, HTML5, and CSS3, with dynamic UI updates.
- Implemented asynchronous API calls with fetch/async-await
- Utilized state management with React hooks (useState, useEffect) for live updates.

INTERNSHIP

Optimus Technocrates Pvt. Ltd, Salem Dec-2023
- Learned about software development process and team collaboration.
